WHY AUVERE TRUE GOLD

I

## HANDCRAFTED FROM ONE OF THE RAREST MATERIALS ON EARTH

We cannot speak for diamonds and pearls, but we can state with the utmost confidence that when you invest in Auvere true gold jewelry, you will own one of the rarest metals on earth.

II

## WEARABLE ART THAT INCREASES IN VALUE OVER TIME

Old Master paintings may be difficult to come by -- but Auvere presents an opportunity for you to own wearable art handcrafted from 22 karat and 24 karat pure gold. This means that you will possess, give or receive exquisitely designed true gold jewelry which, like those Old Masters, shall appreciate in value over time.

III

## COMPETITIVELY PRICED LUXURY

Because we want to share our passion for pure gold with those who care about making beautiful and wearable investments, we offer our 22 karat and 24 karat true gold jewelry at prices that are competitive with 14 karat and 18 karat gold and gemstone jewelry sold by other luxury brands.

IV

## A POWERFUL UNION OF MODERN DESIGN AND TRADITIONAL CRAFTSMANSHIP

Auvere pieces are designed in New York by emerging accessories designer, Gina Love, and meticulously handcrafted using traditional, and in many cases, ancient, techniques of jewelry design.

V

## THOUGHTFULLY CURATED PIECES OF INVESTMENT JEWELRY

Rather than inundate you with products, we seek to give you thoughtfully curated collections of investment jewelry taking into consideration design, style and price.

VI

## ENHANCING YOUR BEAUTY WHILE PROTECTING YOUR WEALTH

Auvere jewelry is sculpted by hand from 22 karat and 24 karat pure gold. This means that Auvere true gold jewelry possesses a much greater store of value than 14 karat and 18 karat gold and gemstone jewelry. Simply put, when you own Auvere true gold jewelry, you are not only enhancing your beauty and personal style or that of someone you love. You are simultaneously protecting your hard earned wealth.
